

Craig Rogers
B.Pharm, M.Toxicology, LLb, CCRC
Chief Commercial Officer
Nucleus Network

Craig Rogers is Chief Commercial Officer. In this role he is responsible for improving and driving the overall commercial performance of the business and is responsible for commercial and contractual activities of Nucleus Network's consulting and Centre for Clinical Studies operations.

Prior to joining Nucleus Network, Craig held the position of General Manager, CMAX (A Division of IDT Australia Ltd) where he was responsible for the Management and Operation of the clinical trial unit.

Craig has worked for over 15 years in Big Pharma and Biotech start-up companies where he has held leadership roles in regulatory affairs, drug development and manufacture. He has successfully filed INDs, DAs and General Marketing Applications in the USA, EU, Australian and Asian markets.
