Dale Seymour
Deputy Secretary
Department of Innovation, Industry and Regional Development,
Melbourne, Victoria, Australia

Dale is a Deputy Secretary at the Department of Innovation, Industry and Regional Development in Melbourne, Victoria.

He is responsible for providing advice and developing strategies to assist the Department achieve its major policy objectives in state and regional economic development throughout the Victorian economy.

He was most recently Deputy CEO of the Global Carbon Capture and Storage Institute (GCCSI) and was previously a Deputy Secretary for Energy, Resources and Major Projects in the Victorian Department of Primary Industries. Dale advises a number of Ministers in a variety of portfolios supported by the Department.

As well as being at the centre of Victoria's response to climate change, he has a wealth of experience in government structural reform and major capital works as well as a keen understanding of the political process.
