

Elisabeth White, Partner, Baker & McKenzie

Elisabeth is a partner in the Intellectual Property group at Baker & McKenzie and has extensive experience (gained in Australia and the UK) advising on intellectual property disputes and protection.

With a Masters degree in bioethics and a strong interest in the pharmaceutical and biotechnology sectors, Elisabeth advises a broad cross-section of market leading clients on patent interpretation and enforcement matters as well as branding and regulatory issues.

Elisabeth is a member of the Firm's pharmaceuticals industry group and regularly advises pharmaceutical and medical device companies on intellectual property, disputes and regulatory compliance issues.
