

# Additional to the almost 42 mill. Euro investments the BioPark, over 216 mill. Euro was invested in biotechnology companies

## Funding and investments in the BioPark and its companies

### Promotion of the infrastructure of BioPark Regensburg GmbH

In mill. Euro

#### Promotions via

State of Bavaria:	20.6 Mio. €
Fed. Government:	9.7 Mio. €
City of Regensburg:	5.6 Mio. €
EU:	1.59 Mio. €

#### Own funds

BioPark:	4.3 Mio. €
----------	------------

- Promotional funding was essentially invested in the construction of the BioPark buildings
- For several years now BioPark Regensburg GmbH has obtained the figure sought through its leasing income each year and finances itself with this
- Despite expansion of floor area the overhead costs have remained almost constant over the last 10 years

### Investments in biotechnology in the region

The attractiveness of the BioRegio Regensburg is also evident via investments in on-site companies:

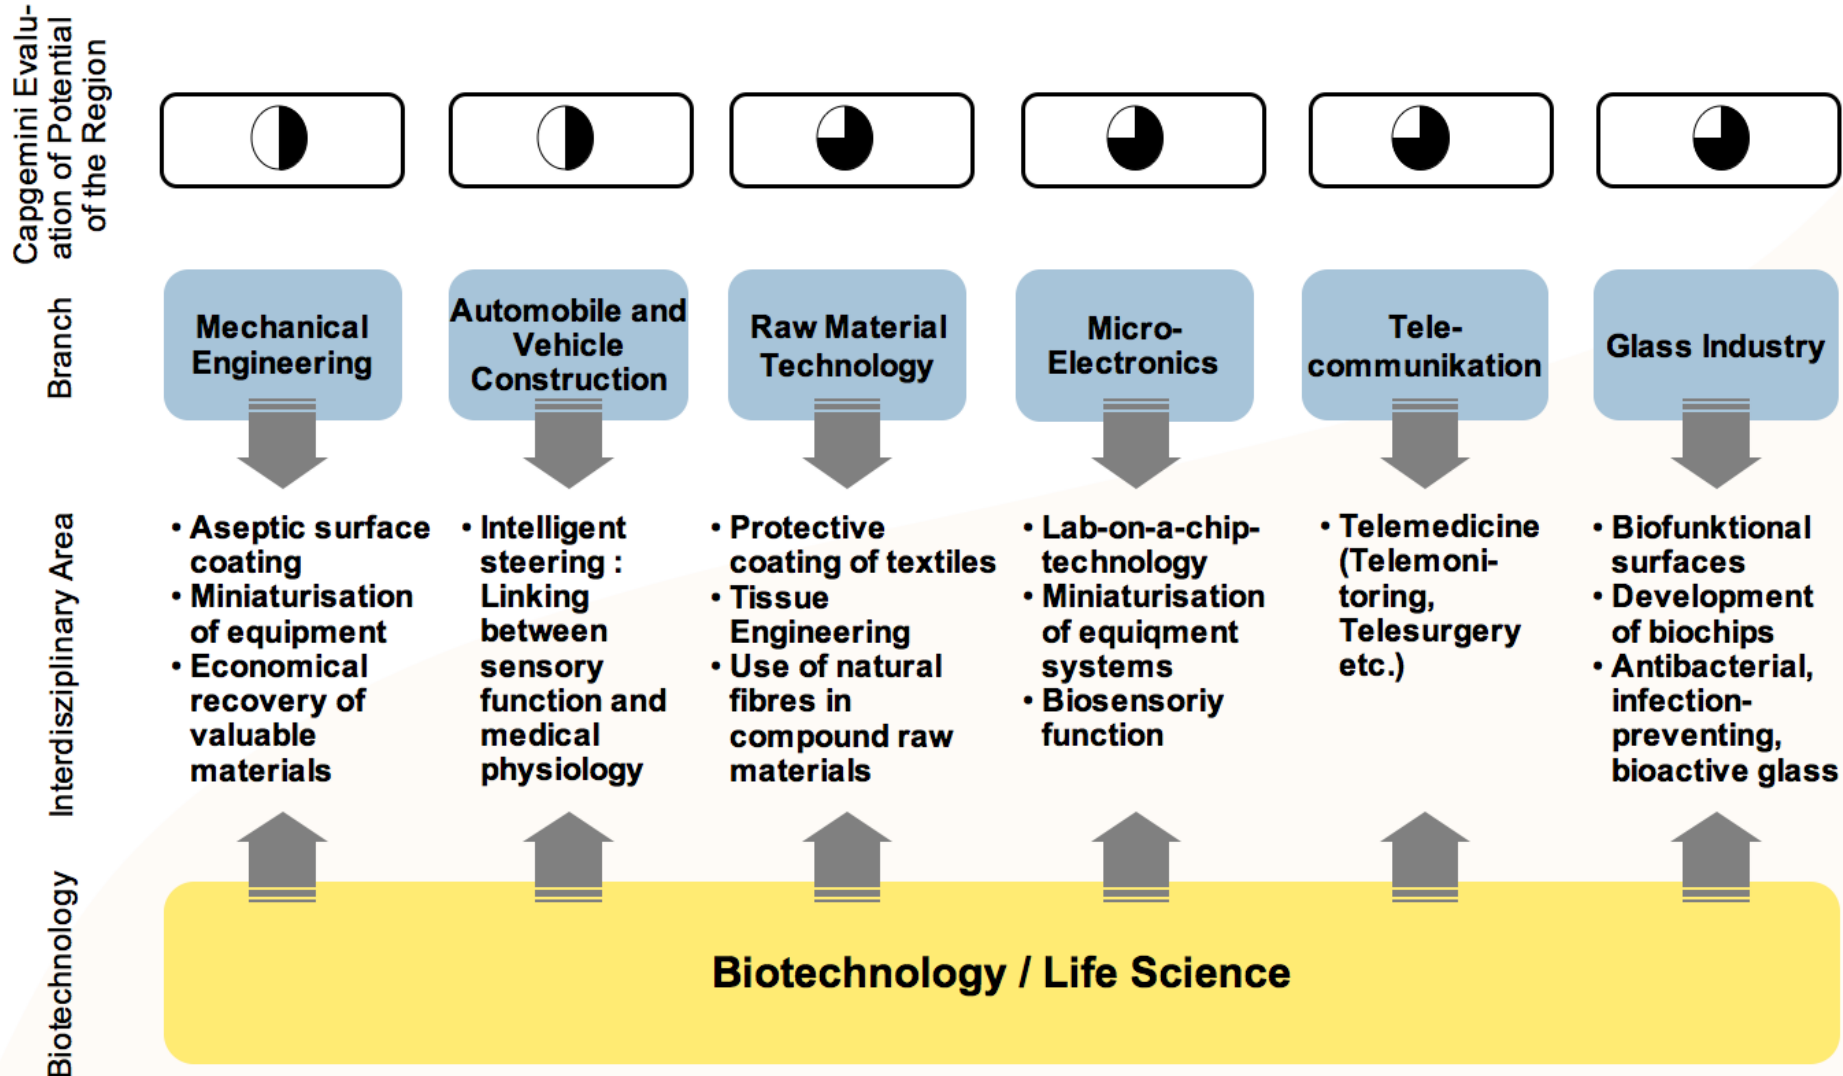

- **101.6 mill. Euro Venture Capital** was invested via various VC funds
- **Around 90 mill. Euro** was invested in equity capital in core biotechnology companies
- **24.5 mill. Euro funding** was acquired by Regensburg companies

**There by a total of 258 mill. Euro was invested in the region in biotechnology.**

<sup>1</sup> European Funds for regional development
